"I already have a packed schedule. What can I do that would not require a heavy time commitment?"

- Share your comments with your aldermen in a brief email or phone message.
- Attend one charrette event that takes place in close proximity to your neighborhood.

"Participating in City Plan 2025 made me want to devote serious time to planning at the grassroots level. What projects can I participate in?"

- Write a letter to the editor that states your opinions. email@nwaktimes.com
- Attend Planning Commission and City Council meetings to share your opinion about components of the City Plan that are under discussion.

"I am connected to one or more community, civic and business organizations. How can I help inform other members of my community about City Plan 2025?"

- Schedule a City Staff presentation with an organization that you think would be interested. Planning staff members are available for breakfast, lunch and evening presentations and would be happy to share information and answer questions. In the past, Planning staff has presented to organizations such as Rotary, Kiwanis, the Chamber of Commerce and local churches.
- Garner support from your organization to publicly endorse City Plan 2025 or elements of the Plan, if your organizational bylaws allow.
