Water Line Installation Work

Location: Lester and South School

The City of Fayetteville Water and Sewer Division will be installing new water mains and lines in your area beginning January 18, 2011. During this time we may need to alternate lane closures and create a detour in some areas. All detours will be clearly marked and we will have a crew member directing traffic.

During this time you may experience intermittent low to no water pressure; although this is unavoidable, we will do our best to minimize any inconvenience.

After the work is complete and as soon as weather permits, we will have a cleanup crew restoring the area to the condition it was in prior to any work being performed.

If you have any questions, please call the Fayetteville Water and Sewer Department at 575-8386.

Thank you for your patience and cooperation.

**William Winn, RS
Operations Manager
Water & Sewer Division**
